

1. Purpose

The Admissions and Enrolment Policy (the Policy) provides details of the criteria for enrolment at Christ Church Grammar School (the School), entry points to the School and information on the procedures in the application and enrolment process.

Christ Church Grammar School is an Anglican day and boarding school which was established in 1910. It offers tailored and comprehensive education experiences for boys from Pre-Kindergarten to Year 12. The School provides a diverse academic and pastoral program, supported by a wide ranging co-curricular program.

2. Definitions

Education Services for Overseas Students (ESOS) is a framework which includes the ESOS Act (2000), Regulations and the National Code of Practice for Providers of Education and Training for Overseas Students. ESOS legislation ensures that education and training providers meet nationally consistent standards in education delivery, facilities and services and provides tuition fee protection for international students.

Needs Assessment Summary (NAS) is a document which provides information regarding a students' strengths, needs and adjustments required within the school.

Reasonable Adjustments are measures or actions taken by the School to assist a student with a disability or special needs to participate on the same basis as other students and have equitable access to the curriculum to learn alongside and with other students. The adjustments balance the interests of all parties affected, including those of the student with the special need, the education provider, its staff and other students.

3. Policy Principles

3.1 Standard Entry Points

Standard entry points to the School are Pre-Kindergarten, Kindergarten, Year 3, Year 4 and Year 7. Places will be offered for other years when vacancies arise.

3.2 Entry Criteria

Christ Church Grammar School does not require Australian boys to sit an entrance examination.

Boys for whom English is not their first language, are required to undertake an English Language assessment conducted by Australian Education Assessment Services (AEAS) and submit the results to the School prior to enrolment. If a boy is already attending school, copies of his last two school reports and NAPLAN results (if available) are also required.

When a position is available in the required year group, priority is given to siblings of confirmed or enrolled students, sons and grandsons of old boys, sons of Christ Church Grammar staff members and sons of practising Anglican clergy.

3.3 Application for admission

The application and enrolment process is managed by the Admissions Registrar to whom all enquiries, applications and related documentation must be directed (Phone: +61 8 9442 1512 or admissions@ccgs.wa.edu.au). Parents/Guardians of all prospective students are required to adhere to the provisions of this policy and conduct themselves in accordance with the values set out in the School's Code of Ethics.

Completion of the [Application Form](#) is the first step in registering for enrolment at Christ Church Grammar School. Both parents/guardians are required to sign and date the Application for Admission Form which is to be accompanied by payment of the application fee (\$200 for Australian residents and \$300 for Full Fee-Paying Overseas Students (FFPOS)). The Federal Electronic Transactions Act (1992, 2011) applies to the submission of a digital application and online fees payment. The Act obviates the need for a physical signature. The signed and dated Application Form constitutes the first step in the contractual process between the School and a boy's Parents/Guardians.

3.4 Students with additional needs

Disclosure of any known additional needs supported with evidence is an essential requirement at the time of application.

The Peter Moyes Centres (Preparatory and Secondary) at Christ Church Grammar School are facilities for students who require special provisions and access to practical learning opportunities alongside mainstream learning. The Centres are a demonstration of the School's commitment to being an inclusive community.

Parents of boys with learning support needs seeking entry to the Peter Moyes Centre (PMC) are required to complete the [Application Form](#) with the box for Additional Needs checked and submit the same supported with copies of all relevant school and specialist reports.

Should a position be available in the PMC, parents will also be required to complete a needs assessment and as per the School's *Students with Disabilities Policy*, all boys with previously identified additional needs will be assessed by the School psychologists/Clinical Nurse Manager/Peter Moyes Centre Co-ordinator/Learning Development Centre (LDC) Co-ordinator, as appropriate, to determine the level of support required. The Needs Assessment Summary (NAS) is broad-based and multi-faceted. It is informed by feedback from specialists including medical professionals, psychologists and allied health professionals.

Christ Church works within the Disability Discrimination Act (1992) and Disability Standards for Education (2005) Guidelines, to provide reasonable adjustments for all students with additional needs and these adjustments will be based on the Needs Assessment Summary.

3.5 Full Fee-Paying Overseas Students

Christ Church Grammar School welcomes international students. The School complies with the requirements and regulations of the Education Services for Overseas Students (ESOS) Act 2000 and the National Code for Providers of Education and Training for Overseas Students. School and student obligations in terms of the ESOS framework can be viewed under "information for students and school compliance" at <http://internationaleducation.gov.au>.

Applications for FFPOS must include translated certified copies of school reports, passport details and birth certificate. Applicants must have a good academic standard and provide evidence of their English proficiency. They are required to have an assessment of their English language ability. The testing is administered by an independent educational consultancy, Australian Education Assessment Services (AEAS), headquartered in Melbourne with representatives in Perth and most large centres in South East Asia. The test is to be organised by the family. The results are sent to the

family and a copy is required to be provided to the School. Should an applicant not reach the required level of English prior to enrolment, then entry will be deferred or denied. If the latter occurs, a refund of monies already paid will be made.

Full Fee-Paying Overseas Students are required to board at the School and parents are required to nominate a relative or friend, who must be at least 25 years of age and living in Perth, to act as the student's local carer and who will be available in case of illness, withdrawal, suspension or school breaks if the student is unable to return home. An exception to this requirement would be made in cases where at least one parent is accompanying the student to live in Perth.

3.6 Enrolment

Applicants are placed on a waiting list until three years prior to the year in which enrolment is sought. At this time parents/guardians will be contacted to establish their interest in receiving an offer (Expression of Interest phase). Late applications are managed according to the availability of places.

Letters of Offer from the Principal are issued three years prior to enrolment and the Offer Acceptance Form constitutes the second step of the contract between the School and the Parents/Guardians.

As per the School's Fees Policy, an Enrolment Fee, which is a non-refundable, non-transferable fee payable at the time of acceptance of the offer confirms a boy's place at the School for the year of offer as stated in the Principal's offer letter.

Enrolment fee concessions are provided to sons and grandsons of Life Members of the Old Boy's Association, sons of staff members, sons of practising Anglican clergy, the fourth sibling in a family and to students entering Year 11 and Year 12.

Submission of a current Health Record including a complete immunisation history is a condition of enrolment at Christ Church Grammar School.

3.7 Deferring an Offer of a Place

Acceptance of a place at one level/year of entry to the School does not confer the right to defer entry to another level/year. If an offer is accepted and the family then choose to defer their son's entry, this will be treated as a new application. The date of deferral will be the date of the new application. If a place is offered in a subsequent year group, a deferral fee will be charged to confirm the place. The deferral fee is the difference between the original enrolment fee and the enrolment fee at the time a new offer is made.

3.8 Withdrawal from enrolment and/or boarding

Notice in writing of at least one full term must be given prior to termination of enrolment for day boys and two terms in advance for boarders. Should the School receive inadequate notice, a term's tuition fee and in the case of boarders, two term's tuition and boarding fees will be charged.

3.9 Re-enrolment

If a boy is withdrawn from the School for a period of time but the family wish to re-enrol him in the future, the withdrawal process must be followed and a re-enrolment fee will be charged. The re-enrolment will be subject to availability of a place and a fee equivalent to 50% of the enrolment fee prior to the year of return will be payable by 30 June of the year before the boy is due to re-commence.

3.10 Continuing enrolment

The continued enrolment of a student will be dependent on the student making appropriate academic progress, displaying standards of conduct and behaviour required of Christ Church Grammar School students and compliance with the School's Values, Rules and Policies. In the unfortunate event of a student's failure to meet these requirements or the enrolment is otherwise determined by the Principal to be untenable, the Principal at his discretion may determine to suspend or terminate a student's enrolment. The School will not be obliged to refund any fees and charges. Moreover, any fees and charges outstanding at the time of suspension or termination of enrolment will remain payable.

3.11 Enrolment Records

Successful enrolment records are destroyed seven years after a student leaves the School. Records relating to unsuccessful enrolments (didn't receive or accept an offer) will be destroyed two years after action is completed. All information collected in relation to enrolment will be used and stored in accordance with the School's Privacy Policy.

3.12 Statutory reporting of student information

It is a legal requirement for all students in Years K to 12 to be registered with the School Curriculum and Standards Authority (SCSA). This is achieved by uploading the Student Registration and Demographic file to the Authority's Student Information Record System prior to the enrolment of students in courses and subsequently, the uploading of results.

This information is uploaded at the beginning of each school year and regularly through the year. Whenever there is a change in student enrolment, or a change of address or circumstances, the school is required to share this information with SCSA.

Student information at the School is stored in the School's Database from which is extracted all statutory reporting requirements for SCSA.
