

At school, you have a fundamental right to feel and be safe. You should talk to a staff member in the school who you feel comfortable with if this is not the case. It does not matter how big or small you perceive the problem to be. You can approach any teacher, your tutor or Head of House. You can also talk to a more senior member of staff, for example the Deputy Principal, Head of Preparatory School or the Principal.

This Code of Conduct gives students notice of general conduct which is prohibited. It is not an exhaustive list of misconduct. Students will be held accountable for their misconduct and any misconduct may be subject to disciplinary action by the School as stated in the School's Managing Student Behaviour Policy.

Our school is committed to ensuring a respectful learning environment that is safe, positive and supportive for all students. This Student Code of Conduct applies to all students regarding the conduct expected of them whilst at school, engaging in school related activities or representing the School. Students are expected to uphold the School's **core values** at all times. The code also requires that student actions do not bring the School into disrepute at any time regardless of whether the action occurs within or outside of school activities.

The School believes that the only discipline of real significance is that which the individual imposes upon himself. This Code of Conduct aims to make each student aware of the value of self-control, orderliness and the need to cultivate a sense of responsibility for his own conduct and for the larger community of which he is part.
